PRESS RELEASE

LIMACORPORATE S.P.A.: THE NEW WEBSITE OF THE COMPANY THAT HAS FILED AN APPLICATION TO GO PUBLIC IS NOW ONLINE

Villanova di San Daniele del Friuli (UD), June 27, 2011 – The new Lima Corporate website goes online today at <http://www.limacorporate.com>. The website is dedicated to clients and suppliers of the Friuli-based company that is one of the leading European names in the design, manufacture and sale of orthopaedic prosthetic implants.

[Www.limacorporate.com](http://www.limacorporate.com) opens a new window on the Lima Corporate world, providing not only corporate details and product information, but also serving as a point of reference for anyone wishing to delve more deeply into the many and varied aspects of the company's life and work, via its visually pleasing, easy-to-navigate website.

The website in fact gives visitors access to extensive corporate, business and product data. Furthermore, there are pages devoted to financials and the latest corporate news.

Lima Corporate exports and distributes its products to Italy, Europe, Australia, Japan and the USA and has a consolidated balance sheet (2010) of € 95.7 million, up 35.5% over the previous year. The 2010 EBITDA was in excess of € 20 million, an increase of 39% compared to the previous year.

About Lima

Established in 1945 by Carlo Leopoldo Lualdi and managed since 1970 by Gabriele Lualdi, Lima Corporate today heads a multinational group operating in 30 countries with 15 foreign subsidiaries and 3 modern manufacturing plants located in the Italian regions of Friuli Venezia Giulia and Sicily and in the Republic of San Marino.

The Group is a leading European operator in the design, manufacture and distribution of joint replacement implants and products for the surgical treatment of trauma.

As a result of a successful product differentiation strategy, Lima Corporate has embarked on the clinical development and validation of a gel product for joint visco-supplementation based on the use of biodegradable polymers.
